

MOHAMMED HASHIM NILGER

Chittorgarh, Rajasthan • 9680581539 • hashimrangrezz786@gmail.com • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

Full-stack developer and B.Tech CSE student with hands-on experience designing, building, and independently deploying production-grade web applications. Proficient in MERN stack, Supabase, and AI API integration. Proven ability to own projects end-to-end — from architecture decisions and database schema design to UI implementation and cloud deployment. Comfortable leading technical decisions on solo and collaborative projects and shipping working software on deadline.

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML, CSS

Frameworks & Libraries: React, Node.js, Express.js, Vite, Redux Toolkit

Databases & Backend: MongoDB, PostgreSQL, Supabase, SQL

Auth & Security: JWT, Role-Based Access Control, Supabase Auth

Tools & Platforms: Git, GitHub, Vercel, Railway, Cloudinary, Razorpay, REST APIs

PROJECTS

ResumeCraft — AI Resume Builder | *React, Node.js, Express, Groq API, Vercel*

[GitHub](#) • [Live Demo](#)

- ▶ Solo-built and deployed an AI resume builder in under 3 weeks using React, Node.js, and Groq's LLaMA-3 API.
- ▶ Reduced resume drafting time by ~80% with ATS-optimized AI generation and a real-time preview UI with PDF export.
- ▶ Crafted a RESTful Express.js backend, integrating decisive prompt engineering and rate-limit strategies, deploying on Vercel to achieve 99.9% uptime and reduced latency.

Exam Seating Management System | *React, Node.js, Supabase, PostgreSQL*

[GitHub](#) • [Live Demo](#)

- ▶ **Led full technical design** and implementation — actively used in production at Mewar University for 100+ students per exam session.
- ▶ Automated seat allocation via CSV upload, reducing manual effort by ~60% (≈3 hrs per exam cycle).
- ▶ Built multi-role access control Admin / Staff with Supabase Auth and conflict detection to prevent duplicate seat assignments.
- ▶ Optimized PostgreSQL queries and row-level security policies for concurrent session management without race conditions.

EDUCATION

B.Tech — Computer Science & Engineering — Mewar University, Rajasthan

2023 – 2027

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Operating Systems, Web Development

TRAINING & CERTIFICATIONS

Python Programming — CTTC, Bhubaneswar (MSME, Govt. of India)

April 2025 – May 2025

- ▶ Completed government-certified training covering OOP, database integration, GUI development, and ML basics in Python.
- ▶ Independently designed and delivered a Django-based capstone project — a full-stack web app with user authentication and database CRUD operations.
